

# Grading Rubric

CS 250

Assignment 3

**Total Points: 100**

Points Allocation:

- |                             |    |
|-----------------------------|----|
| • The Representative Inputs | 10 |
| • The Functional Coverage   | 40 |
| • The Boundary Values       | 30 |
| • The Special Values        | 20 |

Important Notes:

- Read the submission instruction carefully
- Submission with a different file name other than **Asg3\_cslogin**, will receive “-10 points off your final points” for the assignment. The **cslogin** is your login ID for the computers at the Department of Computer Science at ODU.
- Students are allowed to submit only 3 times before the due date, we will only mark your last submission.
- You are expected to start working on the assignment(s) enough time before the due date. Any submission after the due date will not be graded (unmarked).
- Assignment submitted through email will not be accepted and they will not be graded.
